

Hoping to gain experience in a different field?
Wanting to make a difference in your local community?
Looking to make your CV stand out?

Then come along and volunteer at your nearest Abbeyfield house or care home. With a range of volunteer roles on offer and support and training throughout your time with us, we could be your ideal organisation to volunteer with.

We are looking for **young IT mentors** (aged 15-25) to sharpen the digital savvy of our residents within your local care home in Crouch End!

Could you show an older person how to work Facebook? Or teach a resident how to Skype with their family in Canada?

One of our oldest residents has just sent her first tweet at the age of 107!

Abbeyfield
